

2023 International Workshop on Wireless Sensing Technologies and Applications (IWSA 2023)

CALL FOR EXHIBITIONS

About IWSA 2023

IWSA 2023 is a convergence of academia and industry, bringing together luminaries, researchers, scholars, professionals, practitioners, and thought leaders for wireless sensing technologies. This event serves as a vibrant platform for knowledge exchange, innovation, and collaboration, spanning four compelling themes encompassing diverse engagement opportunities.

We invite proposals for exhibitions. Sharing your **technology, products, or services**, regardless of whether they align with the workshop's main themes. This is your opportunity to showcase your innovations to a diverse audience.

IWSA 2023

November 23 - 24, 2023

Regency Art Hotel

Macao, China

<https://2023.iwsa.apmtt.org>

Exhibition Details

- Exhibition Fee: MOP 16,000.00 (including registration for 1 person)
- Booths will be 5 m² and located in the Ballroom to maximize visibility for attendees.
- Demonstrate practical applications and outstanding features of your technology
- Exhibitions and demos should project a unified theme that presents innovative wireless sensing solutions.

Important Date

Registration Deadline: **October 30, 2023**

Benefits for Exhibitors

- **Marketing Your Products and Services:** Leverage the workshop as an opportunity to market your products and services to a global audience.
- **Onsite Exhibition:** Benefit from onsite exhibition presence to connect with attendees.
- **Online Sharing:** Engage in an online sharing session that connects your exhibits to European high-tech Portuguese companies, fostering potential collaborations.
- **Onstage Cooperation:** Explore collaboration agreement signing opportunities by showcasing your offerings onstage.

Please visit our exhibition package via our workshop website 2023.iwsa.apmtt.org.
